print**tts**services

pack it. print it. go.

You would like to screen candidates quickly online or print whole profiles at once?

print**tts**services, our integrated solution in SuccessFactors Recruiting, offers you the possibility to print all application

documents in one step. You may not only print cover letter, CV and certificates but also other documents like school and university transcripts with one click. This gives your candidates the chance to upload as many documents as needed. With print**tts**services, all these

documents will be merged dynamically into one PDF document – ready to be printed!

Learn, how print**tts**services streamlines your recruiting process and thereby supports you to prepare job interviews much faster.

An important add-on for your recruiting process

Features

Dynamic merging of *.pdf, *.doc, *.docx, *.jpg, *.bmp, *.png and *.txt documents to one single *.pdf document.

Benefits

Integrated solution

- Integrated in SuccessFactors Recruiting
- Allows for single sign on

Certified by SAP

- Certified by SAP Integration and Certification Center (ICC)
- Available in SAP App Center

Short project cycle

- Deployment within less than a month
- Few internal resources necessary

Basis package

Prerequisite for printtservices is the implementation of the SAP SuccessFactors HCM module Recruiting including the following features:

- ☑ Role-based permissions
- ☑ Integration Center
- ☑ Intelligent Services

Set the basis for your system.
